Education

- B.E in Computer Science Engineering at S.J.M Institute of Technology

Languages

- English
- Kannada
- Hindi
- Urdu

Soft Skills

- Problem Solving
- Team Lead

Hard Skills

- Technical Skills
- Programming

Professional Summary

Engineering student pursuing a B.E. in Computer Science with a strong interest in cyber security and secure web application development. Hands-on experience testing web applications for common vulnerabilities and building small projects in HTML, CSS, C, C++, and Python. Strong problem-solving ability, clear technical communication, and a fast learner seeking an internship to apply and grow technical skills in a real-world environment.

Experience

Future Interns (Dec-2025 to Jan-2026)

- Performed web application security testing on OWASP Juice Shop, identifying common vulnerabilities using Burp Suite.
- Practiced basic SQL injection testing techniques to evaluate application input handling and security gaps.
- Documented findings and strengthened understanding of secure coding and vulnerability assessment fundamentals.

Technical Skills

- Programming Languages: C, C++, Python (basics), HTML, CSS
- Cyber Security: Fundamentals of web application security, vulnerability testing, OWASP Juice Shop, Burp Suite, basic SQL injection testing
- Tools & Concepts: Web Audio API, front-end development, UI theming, form validation
- Professional Skills: Problem solving, team management, stakeholder engagement, clear technical communication

Projects

- Audio Visualizer (Personal Project)
Developed a real-time audio visualizer using the Web Audio API to analyse microphone and audio-file input (volume and frequency) and render reactive RGB animations on an HTML canvas.
- Flappy Bird Game (Personal Project)
Developed a game which is similar to Flappy Bird with same physics but with different parameters
- My Portfolio (Personal Project)
Developed a personal portfolio where I can showcase all my Details, Projects, Achievements.
